Addendum Number: 2		Date: 8/23/16	

The purpose of this addendum is:

A. To provide the following Bid Clarification Language pertaining to Exhibit B of the attached contract shell:

Clarification of the Standards of Conduct for Service Providers; Promotion of Religious or Political Causes to Eligible Clients

The "Standards of Conduct" for subcontractors (set out in the Agreement to Provide Pregnancy Support Services, paragraph 9, subparagraph (d)) says that the "Provider shall not promote any religious or political cause to an Eligible Client through any means, including but [not] limited to counseling or written materials."

This does not mean that personnel in your clinic can never engage in religious discussions with any client. It means that activities funded by the Positive Alternatives Pregnancy and Parenting Program cannot include any form of religious or political promotion. The statute authorizing the Program specifically provides that funds provided under this program "shall not be used to promote or be otherwise expended for political or religious purposes, including, but not limited to, counseling or written material." The Department expects that there will be no political or religious promotion in those client discussions devoted to eligibility to participate in the Program, or to arranging services through the Program. However, subcontractors are free to do as they wish in activities that are not funded by this Program, or in discussions with their clients that are not related to the Program or the services provided thereunder

B. To provide an updated Contract Shell to reflect the changes in Exhibit B

Note: In the event of a conflict between previously released information and the information contained herein, the latter shall control.
